

EUROMACH

**OUT DIGS
THEM ALL**

EURO

Front and rear fully adjustable
gives rigid and

Lombardini's proven 12
maximum efficiency

Hydraulic system 32 litre
with auto compensated 5
with built-in anti-shock

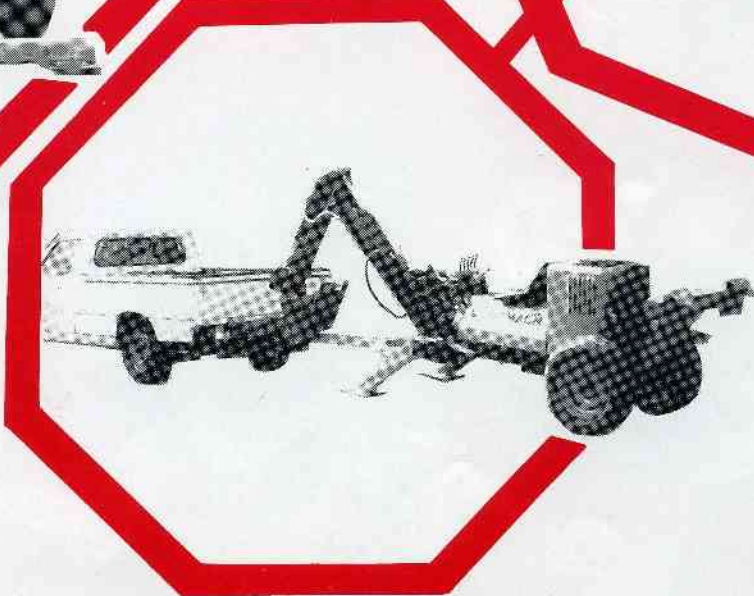

Offers a loading height of
depth of 2.

Lift off covers for easy
hydraulic

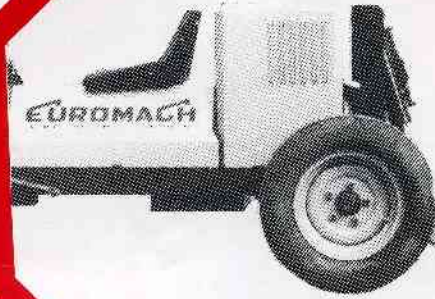

All machines include ground
stand

Wide range of bucket
applications easily adapted
hand-held equipment
breakers, hole borers

EURO

MACH

Stable stabilising legs
level digging.

HP diesel engine gives
7 at minimum cost.

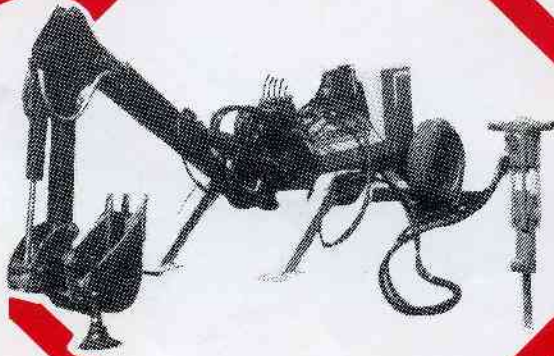

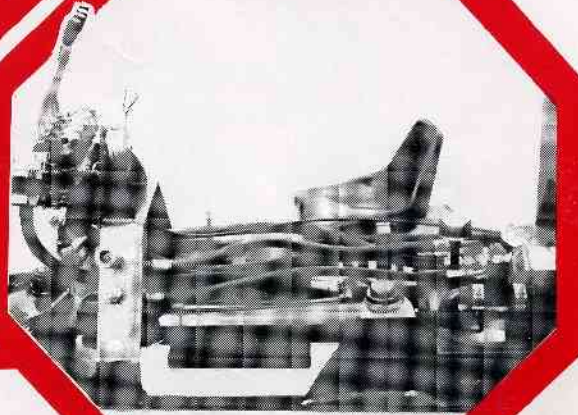

geared hydraulic pump
lever distributor valve
and drop relief valve.

f 3.2 metres and digging
4 metres.

access to engine and
system.

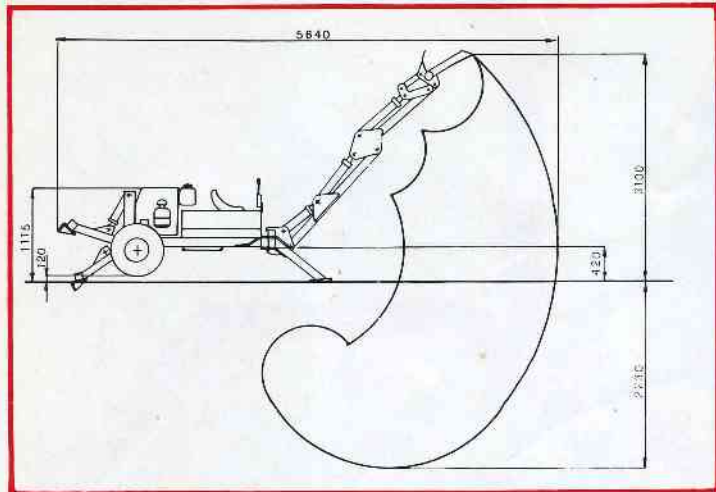

ick release tow bar as
lard.

s available to suit all
ted to operate hydraulic
including:- concrete
s, and cutting tools.

MACH

SPECIFICATIONS

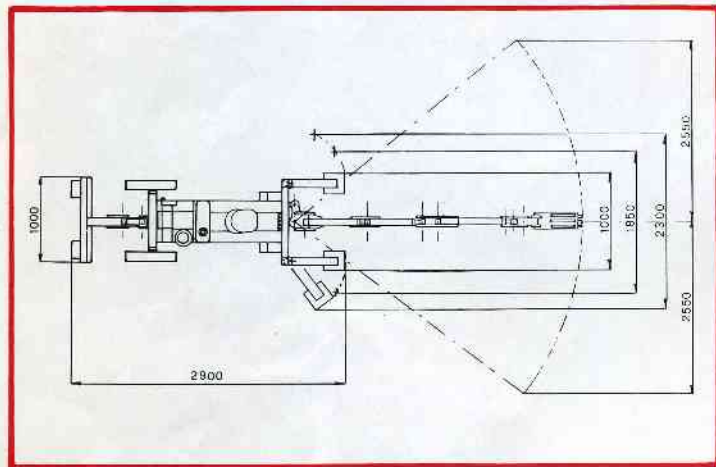

Technical

- A. Weight in working order** 800 Kg
- B. Ground pressure** 0.27 Kg/cm
- C. Steel frames with welded profiles**
- D. All wear parts fitted with tempered steel bushes**
- E. All buckets are reversible**

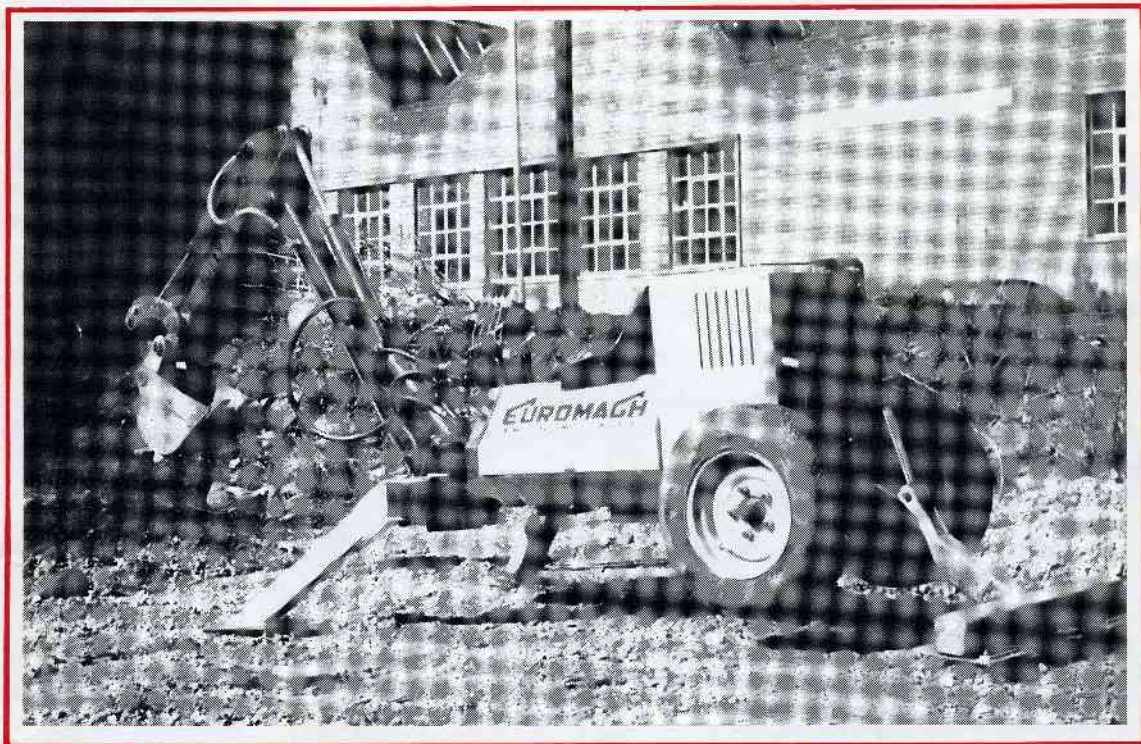

Hydraulics

- A. Pump capacity** 32 Lts
- B. Oil capacity** 42 Lts
- C. Working pressure** 220 Bar
- D. 5 lever grouped distributor valve**
- E. Built-in anti-drop safety valve**

Engine

- A. 4-stroke Lombardini diesel**
- B. Fuel capacity** 4.9 Lts
- C. Cylinder capacity** 7.38 cm
- D. Maximum output** Kw HP/12/163
- E. Calibration output** 12 HP
- F. Self lubricating injection system**
